

Joshua Lawrence Wallace

I am a results-driven Software Engineer specializing in **Mobile Application Development**, with over two years of freelance experience delivering seamless, high-quality mobile applications. My expertise lies in **Flutter** and **React Native**, alongside a strong command of **Dart, Java, MySQL, HTML, CSS, JavaScript, React**, and **Laravel**. I bring a balanced combination of technical acumen and essential interpersonal skills, enabling me to contribute effectively to innovative projects. I am passionate about expanding my skill set and making impactful contributions in Mobile Application Development.

Objective

To secure challenging opportunities in **Mobile Application Development** and **Web Development**, where I can leverage my expertise in full-stack development to deliver innovative solutions. I am committed to meeting project deadlines, solving complex problems, and maintaining excellent communication with stakeholders.

EDUCATION

Bachelor of Science in Software Engineering

University of Lay Adventist of Kigali, Kigali, Rwanda | Expected Graduation: 2026

Experience

Freelance Mobile Application Developer
2022 – 2023

Aby Tech Hub
January 2024 – December 2024

Responsibilities:

- Designed and developed robust, responsive mobile applications using **Flutter** for both iOS and Android platforms.
- Mastered **Dart** programming and utilized **Flutter's** core concepts, including widgets, layouts, and navigation, to create seamless user experiences.
- Integrated **RESTful APIs** for efficient data handling and performed **JSON** serialization and deserialization.
- Leveraged state management solutions such as **GetX** and **Provider** to build scalable and maintainable applications.
- Delivered clean, maintainable, and efficient code while adhering to best practices.
- Collaborated with clients to define project requirements and deliver high-quality solutions on time.
